LUXEMBOURG
STOCK EXCHANGE

Become a LuxSE Partner

Unlock additional benefits for your listings

While the trading and listing memberships at the Luxembourg Stock Exchange (LuxSE) are limited to credit institutions, LuxSE recognises the crucial role that many non-credit institutions play in the capital markets ecosystem. This is why we have established a new status – LuxSE Partner – which is tailored to law firms, advisory & consulting firms and other professional services firms active in primary capital markets.

LuxSE Partners

A status tailored to non-credit institutions

As a non-credit institution specialising in the listing process related to financial securities, you can now elevate your listing experience and that of your clients by joining our network of LuxSE Partners. With this special status, you will enjoy privileges such as faster listing processes on the Euro MTF, access to market intelligence, enhanced visibility and a privileged access to our team's unique expertise and support.

A status with special benefits

Improved listing processes for LuxSE Partners

Becoming a LuxSE Partner offers a range of benefits aimed at enhancing the listing experience. Additionally, with this status, LuxSE Partners enjoy increased visibility through LuxSE's various promotional channels such as being featured on the LuxSE website and social media channels. LuxSE will also provide LuxSE Partners with valuable insights through regular reports on maturities, enabling members to make informed portfolio decisions. Furthermore, members gain access to exclusive discounts on services related to the Luxembourg Green Exchange (LGX), with the option to extend these benefits to active clients.

LUXSE PARTNER · LUXSE PARTNER ·
