

P L A N T E R I A

G R O U P

Planteria Group specialises in workplace planting and biophilic solutions, delivering national coverage. With deep expertise in interior landscaping, horticulture and ongoing plant care, we create healthier, more inspiring spaces for people to work and thrive.

Our in-house Design team works closely with clients to develop tailored planting schemes, while our dedicated in-house Installation team ensures every project is delivered to the highest standard. We also provide ongoing maintenance, keeping every site looking its best long after completion.

Founded nearly 50 years ago by brothers Phil and Brian Anderson, we combine family business passion with professional systems and processes. We like to say we harness the power of nature to create inspirational spaces.
