

Using pedestrian crossings and children's crossings

Pedestrians need to be alert. Always look and listen for approaching traffic from each direction before crossing at a pedestrian crossing or children's crossing. Pedestrians need to be sure that drivers or riders have seen them and are stopping.

At a pedestrian crossing only cross when it is safe to do so and the traffic is stopping.

Look and listen
for approaching traffic.
Decide whether it is safe
before beginning to cross.

Only cross **when**
it is safe to do so and
the traffic is stopping.

Make sure drivers in other
lanes have **seen you** and
are **also stopping**.
Stay alert – keep looking
and listening for traffic
while crossing.

Drivers and riders at pedestrian crossing

- Must give way to all pedestrians on a pedestrian crossing.
- Must not overtake another vehicle already stopped at a pedestrian crossing.
- Must approach at a speed slow enough to stop safely, if necessary.

Don't expect others to give way, even if they should.

Children's crossings

When flags are displayed all pedestrians should use the crossing.

Make sure all traffic has stopped before stepping on to the crossing.

Drivers and riders at children's crossings

- Must not overtake a vehicle stopping or stopped at the crossing.
- Must stop if a child or adult is about to cross or is crossing, even if there is no crossing supervisor.
- Must stop if a hand held "Stop" sign is displayed.
- Must proceed only when all children and adults, including the supervisor, are clear of the crossing.
- Must approach at a speed slow enough to stop safely, if necessary.
- Should always watch out for children near schools.

Drivers must stop
and give way to all pedestrians only when flags are displayed.

Follow the instructions of the crossing supervisor if there is one.

Some children's crossings have a crossing supervisor. Always follow the instructions of the crossing supervisor.

If there isn't a supervisor, look and listen for traffic before crossing.

Make sure all the traffic has **stopped** before stepping onto the crossing.

Only cross when it is safe to do so.

Stay alert.
Keep looking and listening for traffic while you are crossing
