Sutter Health

2025 Community Impact

Investments in building healthy, thriving communities.

$3.2B total community impact investments

$101M

Charity care

Financial assistance provided to uninsured and under-insured patients who are unable to pay for medically necessary care.

$883M

Medicaid/Medi-Cal and other public programs

Coverage shortfalls*

Unpaid costs to provide care to patients enrolled in Medicaid/Medi-Cal and other public programs.

$106M

Community health impact services

Investments, in-kind contributions, and services to support the health of vulnerable patient populations and improve overall community well-being.

$101M

Health professional education and research

Training future healthcare professionals, expanding the scope of current practitioners and investing in research.

$2B+

Capital investments**

Expenditures to expand access and improve quality of care, through new construction or modernization of medical centers and/or hospitals.

150+

Community Partners

Community health partnerships

We work side by side with community-based partnerships to support community health programs that support vulnerable patient populations and improve overall community well-being.

6.2M

Number of critical services delivered through community health investments and collaborations with community partners.

353K

Number of people reached through community health investments, programs and partnerships.

*These programs pay Sutter Health less than it costs the organization to provide care to its Medicaid/Medi-Cal and other public programs patients. The amounts shown are the actual costs to provide these services above reimbursement.
**Capital Investments are not classified as community benefit by the IRS.
