

Endometrial Cancer: What Every Clinician Should Know

Wednesday, November 12, 2025 12-1 pm

Target Audience

First-line clinicians, including internal medicine, family medicine, OB/Gyn and emergency medicine providers, and all interested care staff are welcome.

Learning Objectives

- Describe the epidemiology, risk factors, clinical presentation and diagnostic workup of endometrial cancer.
- Identify endometrial cancer's molecular and pathologic classifications and their importance for guiding treatment.
- Discuss treatment options, including surgery, radiation and systemic therapy.

Register
