

Conducting Objective Structured Clinical Examination (OSCE)

PROGRAMME DESCRIPTION

Objective Structured Clinical Examination (OSCE) is a form of performance-based assessment widely used in health professions education to measure candidates' clinical competence.

This workshop aims to prepare and equip faculty on the purpose and principles of using OSCE, and your roles as item reviewers, examiners and overseers. Standard Setting will be also be introduced and you will be able to participate using Borderline Regression with real-life data points obtained during OSCE. The workshop will incorporate actual hands-on exercises on conducting OSCE as part of experiential learning.

DURATION: 1 DAY

PROGRAMME CONTENT

This programme comprises the following learning topics:

- Planning and preparing for an OSCE session
- Roles in conducting OSCE sessions
- Principles of Standard Setting: Borderline Regression

TARGET AUDIENCE

Clinical teachers and educators from all healthcare professions (APDs, CCFMs and Subject leads) and educators with current and future roles in assessment.

LEARNING OUTCOMES

At the end of the programme, participants will be able to:

- Appreciate the rigors in the preparation, planning and conducting an OSCE;
- Understand the roles of an OSCE examiner;
- Understand the key educational principles underpinning high-stake assessment;
- Have a first-hand experience of conducting OSCE;
- Understand the basics to Standard Setting: Borderline Regression

METHODOLOGY

This programme is designed to be an interactive learning experience for participants. Methodologies used will include:

Facilitated small group learning

Group presentations

Interactive exercises
e.g. Role plays, discussions in small and large groups

TRAINING CAPACITY

25 participants per run

ABOUT THE ORGANISER

Officially established on 19 July 2002, the NHG College plays an instrumental role in facilitating the continuous learning and development of our workforce, as well as, promoting systems improvement and driving leadership development in NHG Health. NHG College collaborates with renowned institutions and industry partners to build the pipeline and collective capacities of our leaders, educators, healthcare professionals and staff to support NHG Health in serving and managing the health of our patients and the population.
