

# Mobile Videography & Photography for Enhancing Teaching & Learning

## PROGRAMME DESCRIPTION

Videos can impact teaching and learning positively by assisting with mastery learning, creating authentic learning opportunities, as well as inspiring and engaging learners. Similarly, using photographs for explaining complex concepts is one of the teaching aids of modern education system all over the world

This 2 days workshop seeks to equip participants with creative techniques in photography and videography, and its application in developing and enhancing your teaching and learning materials to achieve intended learning outcomes. There will be hands-on practice across the various stages of production from planning a photo-board, to camera handling and operations.

**DURATION: 2 DAYS**

## PROGRAMME CONTENT

This programme comprises the following learning topics:

- Introduction of Framing and Composition
- Exploring Mobile Phone Camera Features
- Creating Instructional Photo-Board
- Stages of Production
- Camera Movement and Staging
