

# Conducting Chart Stimulated Recall

## PROGRAMME DESCRIPTION

Chart Stimulated Recall (CSR) is a useful technique to use with learners who have considerable clinical independence. The main benefit is that it can help you assess your learners' thinking process and clinical reasoning.

This is a workshop for clinical supervisors to be equipped with this workplace-based assessment technique, and experience using authentic patient cases-notes entries to open a discussion with supervisee. Participants will explore about designing structured probing questions to reveal reasoning thoughts leading to decision making and their implications.

**DURATION: 0.5 DAYS  
(4 HOURS)**

## PROGRAMME CONTENT

This programme comprises the following learning topics:

- How does Chart Stimulated Recall (CSR) work
- What can you do with CSR
- Does CSR work
- What makes CSR reliable

## TARGET AUDIENCE

Clinical Educators/ Teachers, including APDs, CCFMs, Clinical Instructors, Subject Leads and Preceptors from all healthcare professions.

## LEARNING OUTCOMES

At the end of the programme, participants will be able to:

- Describe how a CSR session is conducted
- Understand which aspects of competence can be assessed with this method
- Briefly review the research supporting the use of CSR
- Learn how to develop questions and rating forms that support the method

## METHODOLOGY

This programme is designed to be an interactive learning experience for participants. Methodologies used will include:

Small group exercises

Lectures

## TRAINING CAPACITY

30 participants per run

## ABOUT THE ORGANISER

Officially established on 19 July 2002, the NHG College plays an instrumental role in facilitating the continuous learning and development of our workforce, as well as, promoting systems improvement and driving leadership development in NHG Health. NHG College collaborates with renowned institutions and industry partners to build the pipeline and collective capacities of our leaders, educators, healthcare professionals and staff to support NHG Health in serving and managing the health of our patients and the population.
