## SASKATCHEWAN CANADA'S BEST FISHING AND HUNTING

Saskatchewan  
Canada

### HUGE LAKES, TROPHY FISH.

Welcome to Saskatchewan, home to 100,000 lakes and rivers and some of the best freshwater fishing in North America. Hundreds of road-accessible and fly-in lodges usher you into a world of pristine wilderness, clear waters and gigantic, record-breaking fish.

### Northern pike

Big northern pike can be found throughout Saskatchewan's waters, but up in the cool northern lakes, they can grow to monster sizes. It is one of the fiercest and most thrilling freshwater sport fish.

### Walleye

Record-size walleye have been pulled from Saskatchewan lakes. It prefers deeper waters and can be found throughout the province.

### Lake trout

The only trout species native to Saskatchewan can be found in the cool, clear lakes and fast-moving streams in the northern half of the province. Saskatchewan has boasted some huge catches.

### Arctic grayling

The Arctic grayling is found in the cold, clear lakes and fast-moving streams of northern Saskatchewan. It has a well-earned reputation as a spectacular fighter, known to leap clear out of the water when hooked.

### Largemouth Bass

The warm waters of the Boundary Dam Reservoir is the only place you can fish for largemouth bass in Saskatchewan. Located in the southeast, other fishing opportunities and species are also available nearby.

### Other species

Brown trout, rainbow trout, brook trout, yellow perch, smallmouth bass and 61 other species of fish live in Saskatchewan's waters.

### GAME ON Big Bucks

Saskatchewan produces more record-breaking white-tailed deer than anywhere else in North America. A perfect mix of genetics and habitat means that your next hunt could be one for the record books.

### Black Bears

Ranging from the northern forests down to the southeastern parts of the province, bears up to 500 lb. appear in a wide range of colour phases.

### Moose

Saskatchewan's lakes and northern forests are where you'll find Western moose averaging 1,300 lb.

### Waterfowl

Saskatchewan has one of the largest duck populations in the world, with 25 per cent of all nesting ducks coming from Saskatchewan. Canada geese, snow geese, sandhill cranes and other birds also nest here.

### Upland Game Birds

Sharp-tailed grouse, ruffed grouse and Hungarian partridge can be found on Saskatchewan's southern prairies. Saskatchewan's licenced outfitters can guide you to the exclusive hunt of your dreams.

### GET YOUR LICENCE

Anglers and hunters coming to Saskatchewan need to create a Hunting, Angling and Trapping Licence (HAL) identification online. This is a one-time requirement. You can purchase your hunting licence through any one of the following methods:
