About Walkers

We are an international financial services firm with offices across geographies and expertise in multiple jurisdictions. We provide legal, corporate, regulatory filing, compliance and fiduciary services to the world's leading financial institutions and companies.

You'll find us in the time zone you need us to be, combining deep expertise with a determination to give our clients the best. In a volatile world we are a safe pair of hands in important financial jurisdictions.

Our people and our approach to solving our clients' challenges are tried and tested, but that doesn't mean we ever stand still. Markets change, regulation evolves, businesses adapt, and we keep on reinventing our service for the times we find ourselves in.

Walkers practices six laws with teams working from an international network of 10 offices across the Americas, Europe, Asia and the Middle East. Our clients receive the responsive service, clear commercial advice and jurisdiction relevant solutions that make deals happen, markets move and businesses thrive.
