

Important fee changes: smartMonday PRIME and smartMonday PENSION

As part of the Successor Fund Transfer (SFT) from the Zurich Master Superannuation Fund (ZMSF) to Smart Future Trust (Smart Future), ZMSF members received a Significant Event Notice (SEN) in April 2025 notifying them of the SFT, which will occur on 6 June 2025. As part of this SEN, it was noted that smartMonday PRIME and PENSION charges different levels of fees to the ZMSF and that from the date of the SFT, the fees and costs that will apply to your account will be different.

The SEN included a summary of the main administration and investment fees and costs expected to be applicable for new smartMonday PRIME and PENSION members on 6 June 2025. Those fees and costs for smartMonday PRIME and PENSION members will be changing from 7 June 2025. A summary of the changes to the fees and costs which are changing is provided below. The total asset-based administration fees will be reduced while the investment management costs for most investment management costs will be increased, however, **these changes will result in a LOWER overall cost of product for all members of Smart Future compared to the existing overall cost of the smartMonday PRIME and PENSION.**

You will receive details of the new fees and costs applicable to your account in Smart Future on 7 June 2025 as part of your Welcome Kit to smartMonday PRIME and PENSION.
