DUTY OF DISCLOSURE

Before you enter into an insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If you do not tell us something

If you do not tell us anything you are required to, we may cancel your contract or reduce the amount we will pay you if you make a claim, or both. If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

OUR CONTRACT WITH YOU

Your policy is a contract of insurance between you and Zurich and contains all the details of the cover that we provide.

Your policy is made up of:

- the policy wording which tells you what is covered, sets out the claims procedure, exclusions and other terms and conditions of cover;
- the proposal, which is the information you provide to us when applying for insurance cover;

- your most current policy *schedule* issued by us. The policy *schedule* is a separate document unique to you, which shows the insurance details relevant to you. It includes any changes, exclusions, terms and conditions made to suit your individual circumstances and may amend the policy; and
- any other written changes otherwise advised by us in writing (such as an endorsement). These written changes vary or modify the above documents.

Please note, only those covers shown in your policy *schedule* are insured. This document is used for any offer of renewal we may make, unless we tell you otherwise. Please keep your policy in a safe place. We reserve the right to change the terms of this product where permitted to do so by law.

In return for paying the premium to us, we will provide cover described in this policy for events which occur during the *period of insurance* shown in your *schedule*.

1. COVER

This policy covers *insured equipment* as described in the *schedule* against *insured damage* as specified in the *schedule*, subject to the terms, conditions and exclusions of the policy. It covers the *insured equipment* while at the *situation*.

6.2 Sum insured

The *sum insured* for each item of *insured equipment* specified in the *schedule* must not be less than the *new replacement value*.

7. CLAIMS CONDITIONS

7.1 In the event of a claim

As soon as you are aware of any loss or damage that is likely to result in a claim under this policy.

You must as soon as reasonably practicable:

- 7.1.1 take any reasonable steps to reduce the *insured damage* loss or damage and avoid any further *insured damage*;
- 7.1.2 notify the Police of all incidents of which you are aware or a reasonable person in the circumstances ought to have known about involving loss or malicious damage from theft or burglary which may give rise to a claim under the policy;
- 7.1.3 tell us about any other insurances which cover all or part of the *insured equipment*;
- 7.1.4 if reasonably practicable keep any damaged or defective parts for which you intend to make a claim (so that we may inspect them).

You must not:

- 7.1.5 carry out any repairs (except those allowed in 7.1.1 above) without our written authority (which shall not be unreasonably withheld or delayed);
- 7.1.6 admit responsibility for any loss or damage;
- 7.1.7 make any false statements in connection with your policy or any claim you make.

If you do not follow these steps, we can reduce any claim by an amount that fairly represents the extent to which our interests have been disadvantaged.

7.2 How to make a claim

To make a claim under this policy, you must:

- 7.2.1 tell us as soon as reasonably practicable what happened and provide details to us where there may be a claim under this policy;
- 7.2.2 where required, complete our claim form and send it to us as soon as reasonably possible;
- 7.2.3 give us and our agents free access to examine and assess any *insured damage* by mutual appointment;

- 7.2.4 provide any other information or help which we may reasonably request to support your claim;
- 7.2.5 provide a statutory declaration to verify the *insured damage*, if we request it;
- 7.2.6 tell us the identity of anyone who has an interest in the *insured equipment*.

After you have made a claim under this policy, we have the sole right to act in your name and on your behalf to negotiate or settle the claim. If we do this, it will be at our expense. You must give us all the help and information we may reasonably need.

7.3 After your claim is accepted

After we have paid a claim under this policy either in total or in part, we may elect to take over any legal right of recovery which you have. If we do this, it will be for our benefit and at our expense (if you have been fully reimbursed). You must provide cooperation which is necessary or reasonably required by us during any recovery.

We have the right to keep any *insured equipment* we have paid for under this policy, including any proceeds if the items are sold.

If any person compensates you for the *insured damage* of any *insured equipment* for which we have paid a claim, you must reimburse us for that payment. You must do this as soon as reasonably practicable after the payment is made.

7.4 Method of settlement

There are two bases upon which we will compensate you being 'Repairable Physical Damage' or 'Total Loss'.

If the repair cost which we describe as 'Repairable Physical Damage' is the same or greater than the replacement value of the *insured equipment* immediately before the *insured damage* occurred, we will pay you according to the 'Total Loss' method.

7.4.1 Repairable Physical Damage

If the *insured equipment* can be repaired, we will pay:

- (a) all the expenses needed to restore the physically damaged items to their former state of serviceability;
- (b) the cost of dismantling the items so that repairs can be carried out, and the cost of reassembling the item(s);
- (c) the cost of ordinary freight to and from a repair shop;
- (d) any customs duties and dues which are incurred to repair the items;
- (e) any reasonable extra charges for overtime, night work, work on public holidays and express freight within the Commonwealth of Australia, including *air freight*. This will only apply if the additional charges are not greater than 50% of the ordinary charges.

If you carry out the repairs at one of your workshops with our approval (which we will not withhold unreasonably), we will pay the cost of materials, wages and a reasonable percentage to cover overhead charges.

We will not deduct any amount for the depreciation of any parts replaced except for valves, tubes (including picture and x-ray tubes) and light sources. For these items we will deduct the proportion of the replacement cost as the time used up until the time of failure bears to the normal service life expected by the manufacturer or supplier.

We will also take into account the value of any salvage.

Our total liability including overtime and express delivery charges will not be greater than the *sum insured* for each item or group of items listed in the *schedule*.

7.4.2 Total Loss

If an insured item is physically damaged beyond repair, we will:

- (a) replace the item with an equivalent item;
- (b) pay an amount up to the cost of an equivalent item, if the physically damaged item is less than six (6) years old; or
- (c) pay the actual value of the item immediately before the *insured damage* occurred, if the damaged item is more than six (6) years old.

When an item is replaced, we will also pay any reasonable charges incurred for overtime, night work, work on public holidays and express freight within the Commonwealth of Australia, including *air freight*. This will only apply if the additional charges are not greater than 50% of the ordinary charges.

Our total liability including overtime and express delivery charges will not be greater than the *sum insured* of each item or group of items listed in the *schedule*.

We will also pay any normal charges to remove items, which are physically damaged beyond repair. They then become our property.

7.5 Costs not covered

We do not pay the cost of:

- 7.5.1 alterations, improvements, overhauls, calibrations or the unnecessary replacement of undamaged components;
- 7.5.2 temporary repairs, except for repairs undertaken pursuant to claims condition 7.1.1;
- 7.5.3 expenses for overseas specialists or consultants to help or supervise local repairs.

7.6 Excess payment

Before we pay a claim, you will be required to pay the *excess* (expressed as a monetary amount) shown in the *schedule*. We will deduct the applicable *excess(es)* from the claim otherwise payable and then pay you the amount of the loss or damage up to but not exceeding the relevant *sum insured*.

7.7 Payments in respect to Goods and Service Tax

When we make a payment under this policy for the acquisition of goods, services or other supply, we will reduce the amount of the payment by the amount of any input tax credit that you are, or will be, or would have been entitled to under A New Tax System (Goods and Services Tax) Act 1999 (Cth), in relation to that acquisition, whether or not that acquisition is actually made.

When we make a payment as compensation instead of payment for the acquisition of goods, services or other supply, we will reduce the amount of the payment by the amount of any input tax credit that you are, or will be, or would have been entitled to under A New Tax System (Goods and Services Tax) Act 1999 (Cth) had the payment been applied to acquire such goods, services or supply.

7.8 Repairs

Before any remedial work is started, we will require you to provide us with at least two quotes, unless we agree otherwise.

Minor or temporary repairs can be carried out subject to the Claims Condition 7.1 'In the event of a claim' however, the damaged parts, item(s) or physical evidence must not be removed before you have obtained our consent (which consent shall not be unreasonably withheld or delayed).

We have no liability for any *insured equipment* damaged and operated without it being repaired according to its former state of serviceability.

7.9 Underinsurance

In relation to the *fire and specified perils* section only, if the *sum insured* is less than 80% of the *new replacement value* at the time an insured item is physically damaged, you must pay a proportion of the damage yourself.

We work out the proportion we must pay by using this formula:

$$\frac{\text{sum insured} \times 100}{\text{new replacement value} \times 80\%} \times \text{Amount of Loss} = \text{Amount we pay (less any excess)}$$

This clause will not apply if the amount of the *insured damage* is less than 10% of the *sum insured* for the insured item.

7.10 Obsolete equipment

Where components or manufacturer's specifications are no longer available because they are obsolete, we may choose to either:

- 7.10.1 pay the costs which would have been incurred if the components or manufacturer's specification had still been available;
- 7.10.2 pay the actual value of the item immediately before the *insured damage* occurred, whichever is the lesser.

7.11 Insurance Contracts Act

Nothing contained in this policy intends to reduce or waive either your or our privileges, rights or remedies available under the Insurance Contracts Act 1984 (Cth).

7.12 Proper law and jurisdiction

The construction, interpretation and meaning of the provisions of this policy will be determined in accordance with the laws of the State or Territory of Australia in which the policy was issued.

In the event of any dispute arising under this policy, including but not limited to its construction, interpretation, validity or performance, the parties to the policy submit to the exclusive jurisdiction of the courts of Australia.

A reference to any statute, regulation or subordinate legislation in this policy includes any amendment, replacement, successor or subsequently enacted equivalent statute, regulation or subordinate legislation.

7.13 Other insurance

- 7.13.1 If you make a claim for an occurrence which is, or may be, covered in whole or in part by any other insurance, then when making the claim you must give us full details of the other insurance.
- 7.13.2 This policy does not cover any claim to the extent that you are entitled to indemnity in respect of that claim under any other insurance policy specified in the *schedule*.

8. GENERAL TERMS AND CONDITIONS

8.1 Assignment

We must first agree in writing before the interest in the insurance can be transferred to anyone else.

8.2 Cancelling your policy

By you: you may cancel this policy by notifying us. Subject to any claims costs that we have paid to you, we will refund all the premium you have paid us for the time remaining on the policy, less any non-refundable government charges.

By us: If we are entitled to cancel this policy, we will tell you in writing.

We will refund you the proportion of premium for the unexpired portion of the *period of insurance*, less any tax or duty paid or owing for which we are unable to obtain a refund.

If the premium is paid in instalments, we may cancel the policy after any instalment has remained unpaid for one month or more and you have failed to pay the instalment within 14 days of being given written notice of the non-payment.

8.3 Changing the risk

You must as soon as reasonably practicable notify us as soon as you are aware of any changes to the risk that:

8.3.1 may result in a greater chance of *insured damage*; or

8.3.2 result in your interest in the *insured equipment* ceasing.

When we receive notification of a change, we may decide to:

8.3.3 adjust the premium or the terms of the policy based on an assessment of any change in the risk insured by the policy; or

8.3.4 cancel the policy if we are entitled to do so.

8.4 Headings

Headings have been included for ease of reference, but do not form part of the policy.

8.5 Inspections

We (or agents appointed by us) have the right to inspect and examine, by mutual appointment, any *insured equipment*.

8.6 Joint insurance

A claim made by any one of the people named as the *insured* in your *schedule* is a claim made by all of them.

8.7 Precautions to prevent insured damage

You must take all reasonable precautions to prevent *insured damage*. You must maintain the *insured equipment* in proper condition and act in accordance with all statutory obligations and manufacturer's recommendations relating to the safeguarding, operating and maintenance of the *insured equipment*.

8.8 Reasonable care

You must exercise all reasonable care, take reasonable precautions and use all due diligence to prevent loss or damage to the *insured equipment* and prevent any liability and comply with all *legislative requirements* for the safety of the *insured equipment*.

We may decline cover where you or someone acting on your behalf, recognises a danger and deliberately courts the danger by taking measures which you or the person acting on your behalf, should know, acting reasonably, are inadequate to avert the danger; similarly, where you or the person acting on your behalf recognises or is aware that a danger exists, and continues to use or operate the *insured equipment* with disregard to whether or not the danger is averted.

8.9 Sanctions regulation

Notwithstanding any other terms or conditions under this policy, we shall not be deemed to provide cover and will not make any payments nor provide any service or benefit to you or any other party to the extent that such cover, payment, service, benefit and/or any business or activity of yours which would violate any applicable trade or economic sanctions, law or regulation.
