

BOXX INSURANCE™

BOXX Insurance helps businesses and individuals insure and defend against cyber and technology risks, harnessing the power of all-in-one Cyber Insurance and Protection.

Headquartered in Toronto, Canada, with offices worldwide, BOXX is a global, award-winning provider of cyber protection services and technology insurance coverage.

We're not a typical insurance company. That's by design. We're obsessive about making clients' digital worlds safer and more resilient; creating real, positive changes for our clients, partners and brokers.

With comprehensive, technologically advanced products and services that have a strong emphasis on predicting, preventing and insuring against negative cyber and technology events, BOXX is dedicated to helping businesses operate securely and confidently in an increasingly complex digital environment, 365 days a year.
