

Zurich RiskIntelligence[®]

Helping you better understand the risk challenges of your changing world

RiskIntelligence

No tool is more beneficial to any business than good information. And understanding what's driving your claims costs can be some of the most valuable information you can put into action.

Zurich RiskIntelligence is one of the insurance industry's most respected customer risk information platforms. It is a powerful web-based tool developed to help risk managers capture and analyze loss data to discover cost-saving risk insights.

RiskIntelligence can help your business:

- Identify and understand factors and trends driving insured losses.
- Gain insights into ways to help reduce accidents and injuries.
- Reduce lost productivity.
- Achieve greater control over your total cost of risk.

Secure and user-friendly, Zurich RiskIntelligence works seamlessly to provide detailed loss insights that can give your company a leg up in reducing your risk exposures.
