

# Vehicle Service Contracts

Enjoy a more worry-free ownership experience

If you want to protect yourself against the high cost of vehicle repairs, a Vehicle Service Contract (VSC) can be a great option.

A vehicle service contract is an all-risk mechanical breakdown plan that pays to repair or replace nearly every component in your vehicle. It's peace of mind for you – and your budget.

## Features and benefits of the Vehicle Service Contract (VSC):

- A VSC provides coverage for the cost of parts and labor associated with eligible repairs based on your plan selection
- Repair your vehicle virtually anywhere – you can have repairs made at your selling dealership or through any ASE-certified repair shop across the U.S.
- Transferrable to the next vehicle owner, offering potentially higher resale value
- A small deductible may apply per covered repair
