

Electric Vehicle Service Contracts

Coverage for unexpected breakdowns and costly repairs

Electric vehicles are designed with some of the most advanced technology available today. Should your electric vehicle experience a breakdown, it's likely a specialized technician and more expensive parts will be needed to make the repair.

An Electric Vehicle Service Contract is an all-risk mechanical breakdown plan that pays to repair or replace nearly every component in your vehicle, including the high-voltage battery. It extends coverage beyond the manufacturer's warranty period and often pays for repairs not covered by your manufacturer's warranty, offering you a more worry-free ownership experience.

That's peace of mind.

Features and Benefits of an Electric Vehicle Service Contract (EVSC):

- An EV Service Contract provides coverage for the cost of parts and labor associated with covered repairs
- Provides coverage for the EV high-voltage battery
- Repair your vehicle virtually anywhere – you can have repairs made at your selling dealership or through any ASE-certified repair shop across the U.S.
- Transferrable to the next vehicle owner, offering potentially higher resale value
- A small deductible may apply per covered repair

Included with Every Plan!

Emergency Roadside Assistance

24/7 Emergency Roadside Assistance coverage for services such as towing, flat tire changes, fluids delivery, battery services, and frozen lock and lockout services—up to specified limit per disablement.

Rental Reimbursement

In conjunction with covered repairs—up to a specified daily limit.

Trip Interruption

Food and lodging for up to three days—up to specified limit—if breakdown occurs more than 100 miles from home.

Nearly every part of your vehicle is covered!

Our comprehensive vehicle service contract is an all-risk mechanical breakdown plan. All parts of your vehicle are covered except those specifically excluded. Exclusions include, but are not limited to: Glass, lenses, sealed beams, light bulbs, wheels, wheel covers, tires, interior trim, moldings, bright metal parts, sheet metal, flexible body parts, weather strips, upholstery, convertible and/or vinyl top, paint, brake rotors and drums, wiper blades, coolant hoses, shock absorbers, batteries other than the high voltage EV battery, drive belts, brake pads, brake linings and shoes. Repairs of water and air leaks, rattles, squeaks and wind noise, alignment of body parts, bumpers, as well as glass, rust, and physical damage are not covered. Any parts or components that are not factory installed are not covered. In addition, the normal maintenance services and parts required or recommended by your vehicle manufacturer and other normal maintenance services and parts, including suspension alignment, wheel balancing and filters are not covered.

Zurich

7045 College Boulevard, Overland Park, Kansas 66211-1523

*See your contract for a full list of exclusions.

This brochure gives a general overview of Zurich's vehicle Electric Vehicle Service Contracts. Certain restrictions and exclusions apply, and coverages may differ in certain states.
