

Universal Security Guard®

Theft Deterrent System

Keep the power in your hands

Vehicle theft continues to rise and powersport theft is no exception. Motorcycle thefts have continued to surge with 7% increase from 2021 to 2022.¹ A Universal Security Guard® theft deterrent system can help reduce the risk of your powersport vehicle being stolen and aids police in recovery in the event of theft.

With Universal Security Guard® anti-theft labels are applied to hidden areas of your vehicle which, if removed, leave an imprint that can only be seen under ultraviolet light. Warning labels are often applied to visible areas of your vehicle to caution would-be thieves of the theft deterrent system. With this system in place, thieves will likely move on to another less protected vehicle.

What are the benefits of Universal Security Guard®?

- Insurance premium discounts*
- Reimbursement of up to \$5,000** to help cover theft-related expenses, including:
 - Insurance deductible
 - Alternative transportation cost
 - Registration fees for replacement vehicle

Don't let theft stop you from making memories.

Ask your selling dealership for more information.

*Contact your insurance agent to find out if your insurance carrier provides a discount.

** The maximum reimbursement amount is stated in the contract and will not exceed the actual cash value on the date of loss. Please see your contract for details.

This is intended as a general overview of Zurich's Universal Security Guard product and warranty. Certain restrictions and exclusions apply, and benefits may differ in certain states. Please consult your warranty for detailed terms and conditions. Universal Underwriters Service Corporation (UUSC) is the warrantor and administrator of the Security Guard system and warranty in all states except Florida and New York. In California, UUSC operates under its d/b/a UUSC Service Company (CA License #0C17302). In Florida, Vehicle Dealer Solutions, Inc. (VDS) is the warrantor. In all states except New York, the warranty is guaranteed under a reimbursement insurance policy issued by Universal Underwriters Insurance Company. In the state of New York, Universal Underwriters Insurance Company ("UUIC") is the provider of the master insurance policy backing Zurich's Universal Security Guard® program and the purchasing consumer is given an insurance certificate of coverage. UUSC, VDS, and UUIC are individual member companies of Zurich in North America.
