Marine solutions

Zurich Marine professionals will leverage their extensive underwriting experience and substantial capacity to tailor programs for even the most challenging Marine risks. Our customized insurance solutions include:

Cargo

Zurich's Cargo specialists offer seamless, tailored protection for international transit exposures worldwide. The basic policy covers shipments by Air, Land and Sea from warehouse to warehouse, protecting merchandise against physical loss or damage from external causes. Coverage can be easily expanded to include inland transit risks, including storage and processing, consignment property, and delay in start-ups (DSU).

Zurich's team of experienced Marine Risk Engineers stand ready to develop comprehensive risk management programs that identify potential exposures and minimize losses related to cargo transportation and storage. These services are enhanced through virtual applications including warehouse self-assessments, cargo certificates, policy and document administration, and claims management.

Commercial Hull

Zurich Hull and Protection & Indemnity (P&I) coverage provides hull insurance and related third-party liabilities programs for the following classes of business:

- Marine transportation
- Builders risk
- Passenger vessels
- Vessels supporting the energy market.
- Marine construction

Marine Liability

Zurich Marine specialists can deliver vital Marine liability coverages for:

- Terminals
- Ship repairers
- Wharfingers/safe berth
- Stevedores
- Charterers' legal liability
- Excess Marine liabilities

In addition, Zurich offers a Marine Umbrella policy, a standard marine liability coverage.

Marine Risk Engineering and Claims services
