Leaders of privately-held companies often believe that their organizations – and themselves – are not exposed to the same liability challenges as public companies. The fact is that private organizations may face lawsuits over many of the same issues that are faced by public companies: financial disclosures, breach of fiduciary trust, employment practices and third-party liability matters. In fact, with an increasingly litigious environment and elevated scrutiny of company actions by the public, the media and regulators, the risks to both public and private companies have been increasing.

Zurich's Private Company Select Plus product is a management liability policy designed to help private companies manage these risks. Private Company Select Plus is a modular suite of four coverages built off our groundbreaking corporate directors & officers (D&O) policy. Policyholders can build an insurance solution that fits their needs by combining up to four of the following coverage options:

- Management and Company Liability
- Employment Practices and Third-Party Discrimination Liability
- Fiduciary Liability
- Crime

Valuable features of the Zurich Private Company Select Plus product include, but are not limited to, the following:

- Limits of liability up to \$25M depending on the risk profile and industry segment
- A Duty-To-Defend form for liability coverages with an additional \$1M limit of liability for defense costs
- Additional Side A Limit
- Non-Rescindable Side A
- Enhanced outside position coverage
- Expanded definitions of claims, insured persons, loss, and subsidiaries
- Inclusion of important carve-backs to certain exclusions, including Bodily Injury/Property Damage and Insured v. Insured exclusions
