At Zurich, we always go above and beyond to help our customers. That's why we're launching the Zurich Resilience Solutions Marketplace, a first for the industry. Now, you can find all the risk services you need in one single place:

— Access a range of innovative risk solutions from one point of entry.

— Solutions can be delivered onsite, remotely or fully digitally.

— Help protect people, property, assets, data, supply chains & more.

— Suggest other solutions you would like to see included.

— Zurich Resilience Solutions' risk experts collaborate with other leading solution providers.

## Over 50 services

The range includes over 50 services, either offered by Zurich Resilience Solutions or by providers we collaborate with.

We will continue to add to the range of services offered on the platform. Please contact us at [ask.zrsmarketplace@zurich.com](mailto:ask.zrsmarketplace@zurich.com) if you would like to see any more solutions added to the portfolio.
