**Changes to BNP Paribas Funds (“BNP”) and the Underlying Funds (as defined below)**

THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. IF IN DOUBT, PLEASE SEEK PROFESSIONAL ADVICE.

We accept full responsibility for the accuracy of the content of this document.

Dear valued customer,

We are writing to let you know about the changes to BNP and the Underlying Funds. You have invested in at least one of the investment choices corresponding to the Underlying Funds, which are listed in the “Which investment choices are affected?” table below under the column “Name and code of the investment choice”.

**Which investment choices are affected?**

Name and code of the investment choice (Individually, the “Investment Choice”; collectively, the “Investment Choices”)	Name of the corresponding underlying fund (Individually, the “Underlying Fund”; collectively, the “Underlying Funds”)	Applicable scheme (Collectively, the “Schemes”)
BNP Paribas Funds - Aqua (Code: PNUSD)	BNP Paribas Funds - Aqua	<ul style="list-style-type: none"> <li>• Magnitude</li> <li>• Matterhorn</li> <li>• Swiss Elite</li> </ul>
BNP Paribas Funds - Clean Energy Solutions (Code: PPUSD)	BNP Paribas Funds - Clean Energy Solutions	

**What is happening?**

We have been notified by the board of directors of BNP (the “**Board**”) of the following changes to the Underlying Funds that will be incorporated in the next version of the Hong Kong offering document of BNP (the “**Offering Document**”) and will be effective on August 12, 2025, unless other indicated below.

### **Changes to Book I of the Prospectus of BNP (the “Prospectus”)**

A risk factor relating to capital gain tax will be inserted in “Appendix 3 – Investment Risks” of Book I of the Prospectus and will read as follows:

*“Investors’ attention is drawn to the fact that selling operations of securities by the sub-funds may be subject to short and long-term taxes on capital gains. Investors subscribing in shares of the sub-funds should know that the net asset value per share of these sub-funds may therefore be impacted by these taxes. This applies particularly but not only to Indian tax (see Book II).”*

A cross-reference to this risk factor will, in particular, be inserted in the risk profile of the following Underlying Funds:

- BNP Paribas Funds - Aqua
- BNP Paribas Funds - Clean Energy Solutions

As confirmed by the Board, the changes above will not result in any increment in fees level or costs in managing the Underlying Funds. In addition, no costs or expenses will be incurred in connection with the changes. The changes would not materially change the features and overall risk profile of the Underlying Funds. There would be no change in the operations or the manner in which the Underlying Funds are being managed. Further, the changes would not materially prejudice the existing investors’ rights of interest.

The Hong Kong Offering Document will be updated to reflect the change above. The current Hong Kong Offering Document is available on the website at <https://www.bnpparibas-am.com/en-hk><sup>1</sup>. The updated Hong Kong Offering Document will be available later.

### **What does this mean to you?**

If you wish to continue to invest in the Investment Choice(s) after considering the changes outlined above, you will not need to take any action. However, if you do not wish to maintain your investment in the Investment Choice(s), you may switch your existing holdings or redirect your future contribution allocations to alternative investment choice(s) by submitting an instruction to us, free of charge.

We recommend that you contact your licensed insurance intermediary in the first instance, who will be able to advise you of the alternative investment choice(s). For information on the fees and charges and the respective risk factors of our range of investment choices, please refer to the product brochure of the respective Schemes and the offering documents of the underlying funds made available by us upon request.
