What is happening?

We have been notified by the board of directors of Schroder International Selection Fund (“Schroder”) (the “Board”) that on March 30, 2026 the Underlying Fund’s investment policy will change to increase the permitted level of investment in asset-backed and mortgage-backed securities (ABS / MBS), convertible bonds and contingent convertible bonds (CoCos).

The Board has also updated the investment policy of the Underlying Fund to clarify that the Underlying Fund’s exposure to below investment grade bonds may be direct or indirect (including via credit default swaps and credit default swap indices).

Background and rationale

Over time, CoCos have increased in popularity and issuance, and represent an increasing part of the Underlying Fund's investment universe. The Board will therefore increase the maximum permitted investment in convertible bonds (including CoCos) from up to 10% to up to 15% of the Underlying Fund's net assets.

ABS / MBS offer investment opportunities in securitised assets with attractive yields and a lower risk of interest rates negatively impacting their value. The investment manager believes that increasing the permitted investment in ABS / MBS from up to 20% to less than 30% of the Underlying Fund's net assets will allow it to take advantage of these opportunities and align better with the market.

Full details of the changes being made can be seen in the Appendix to this letter. The changes will also be reflected in the Underlying Fund's pre-contractual disclosures included in Appendix IV of Schroder's prospectus.

As confirmed by the Board, there are no other changes to the Underlying Fund's investment style, investment philosophy, investment strategy, and the operation and/or manner in which the Underlying Fund is being managed following these changes.

As confirmed by the Board, all other key features of the Underlying Fund, including the risk profile and fees, will remain the same.

The Hong Kong offering documents of Schroder will be revised to reflect the changes / updates as set out above and other miscellaneous changes / updates and will be available free of charge at www.schroders.com.hk¹.

What does this mean to you?

If you wish to continue to invest in the Investment Choice after considering the changes outlined above, you will not need to take any action. However, if you do not wish to maintain your investment in the Investment Choice, you may switch your existing holdings or redirect your future contribution allocations to alternative investment choice(s) by submitting an instruction to us, free of charge.

We recommend that you contact your licensed insurance intermediary in the first instance, who will be able to advise you of the alternative investment choice(s). For information on the fees and charges and the respective risk factors of our range of investment choices, please refer to the product brochure of the respective Schemes and the offering documents of the underlying funds made available by us upon request.

If you have any questions about this letter or your investment in the investment choice(s), please contact your licensed insurance intermediary, or you can call our customer care hotline at +852 2968 2383 or contact us via <https://www.zurich.com.hk/zh-hk/customer-services/contact-us/e-form/life-general> and we will be happy to help.

Yours faithfully,

Appendix

New wording is shown in bold. Removed wording is shown as strikethrough text.

Investment Policy of the Underlying Fund

The Fund is actively managed and invests at least two-thirds of its assets in fixed and floating rate investment grade and high yield securities issued by governments, government agencies, supra-nationals and companies worldwide, including emerging market countries.

The Fund may invest:

in excess of 50% of its assets **directly or indirectly (including via credit default swaps and credit default swap indices)** in securities that have a below investment grade credit rating (as measured by Standard & Poor's or any equivalent grade of other credit rating agencies for rated bonds and implied Schroders ratings for non-rated bonds);

~~up to 20%~~ **less than 30%** of its assets in asset-backed securities and mortgage-backed securities **(including agency mortgage-backed securities and with a maximum of 10% of the Fund's assets in non-agency mortgage-backed securities and asset backed securities)**;

up to ~~40%~~ **15%** of its assets in convertible bonds (including contingent convertible bonds); and

up to 10% of its assets in open-ended Investment Funds.

The Investment Manager aims to mitigate losses by diversifying the Fund's asset allocation away from areas of the market identified as having a high risk of material negative return.

The Fund may also invest up to one-third of its assets directly or indirectly in other securities (including other asset classes), countries, regions, industries or currencies, warrants and Money Market Investments, and hold cash (subject to the restrictions provided in Appendix I).

The Fund may use derivatives, long and short, with the aim of achieving investment gains, reducing risk or managing the Fund more efficiently.

The Fund maintains a higher overall sustainability score than Bloomberg Multiverse ex Treasury A+ to B- USD Hedged index, based on the Investment Manager's rating system. ~~More details on the investment process used to achieve this can be found in the Fund Characteristics section.~~

The Fund does not directly invest in certain activities, industries or groups of issuers above the limits listed under "Sustainability-Related Disclosure" on the Fund's webpage <https://www.schroders.com/en-lu/lu/individual/fund-centre>²

施羅德環球基金系列 (「施羅德」) 的董事會 (「該董事會」) 已通知我們，於2026年3月30日，該相關基金的投資政策將予更改，以提高對資產抵押證券、按揭抵押證券、可換股債券及或有可轉換債券的允許投資水平。

該董事會亦已更新該相關基金的投資政策，以澄清該相關基金對低於投資級別債券的投資可為直接或間接 (包括透過信貸違約掉期及信貸違約掉期指數)。

背景資料和原因

或有可轉換債券已隨著時間推移越來越普及，而發行規模亦隨之增大，在該相關基金的投資領域中所佔比重亦日益增加。因此，該董事會將可換股債券 (包括或有可轉換債券) 的最高允許投資從該相關基金的淨資產最多10%提高至最多15%。

資產抵押證券 / 按揭抵押證券提供對證券化資產的投資機會，而該等證券化資產具備吸引的收益率，且其價值受利率負面影響的風險較低。投資經理認為，將資產抵押證券 / 按揭抵押證券的允許投資從該相關基金的淨資產最多20%提高至少於30%，將使其可把握此等機會及更迎合市場。
