

Zurich is one of the world's leading insurance groups, and one of the few to operate on a global basis. Our mission is to help our customers understand and protect themselves from risk. With about 53,000 employees serving customers in more than 170 countries, we aspire to become the best global insurer as measured by our shareholders, customers and employees. We help individuals, small and medium sized companies and global corporations around the world understand and protect themselves from risk by offering a wide range of insurance products, solutions and advisory services.

(Senior) Group Life and Disability Underwriter – Dutch Market (m/f)

This role provides you with the opportunity to support ZEL's Life Underwriting function. As Group Life and Disability Underwriter, you will support the underwriting strategy and deliver underwriting services with focus on Dutch market. In addition, you will support our ambitions to expand our European footprint and to develop innovative products.

Your role

As Group Life and Disability Underwriter your main responsibilities will be as follows:

- Deliver exceptional service on the daily activity of underwriting. This includes assessing, pricing, and accepting group life and disability insurance risk for ZEL.
- Ensure the governance structure for underwriting is respected, including underwriting authorities, underwriting manuals, and quality assurance reviews.
- Establish and maintain good working relationships with key internal customers, including Zurich's global underwriting community.
- Provide active support to Distribution in support of both growth and profitability objectives.
- Represent the underwriting function with external stakeholders, including brokers and customers.
- Establish and maintain good working relationships with key internal customers and ensure they receive expert help and support.
- If needed, support any other functions or department according to the business need of the company

Your skills and experience

Your skills and qualifications will ideally include:

- A minimum of 10 years' experience in insurance, ideally in pricing and underwriting, with at least 3–5 years' experience in the Dutch Group Life and Disability insurance sector. Candidates with less experience are also encouraged to apply; the job title may be adjusted accordingly.
- University degree in Actuarial Sciences, Mathematics, Statistics, Economics or similar field
- Strong analytical and problem-solving skills

- Able to manage demanding timelines and to work on multiple tasks
- Proactive team player, able to work both independently and collaboratively within a team
- Good knowledge of Dutch and English. Any other European languages is an asset
- Good computer skills, including good knowledge of MS Excel.

Additional Information

This position will be based in Luxembourg.

Expected starting date: As soon as possible

Type of Contract: Permanent

If you are looking forward to working in a truly multicultural, multinational and diverse environment please send directly your CV to: monique.grosse@zurich.com
