Revision of Medical Premium for <Plan Description> (<Plan Code>)

Dear Valued Customer,

Thank you for your continued support to Zurich Life Insurance Malaysia Berhad (ZLIMB).

We understand that rising medical and healthcare costs in Malaysia are a growing concern. Several significant trends, such as the surge in non-communicable diseases, the expansion of private healthcare services, and the continuous rise in medical inflation, have greatly impacted the medical and health sector.

Despite our persistent efforts to contain costs through various initiatives, these expenses continue to escalate annually. Our initiatives include reviewing and comparing claims across diverse hospitals and conducting in-depth analysis of medical bills to ensure charges are reasonable. At ZLIMB, we are committed to providing you with long-term protection. As part of this commitment, we actively manage your premium to ensure you maintain the medical coverage you need. In light of this, we would like to inform you that we will be revising the premiums for your medical plan.

Following the announcement by Bank Negara Malaysia (BNM) on 20 December 2024, relating to the introduction of interim measures for medical plans, we remain dedicated to assisting our policyholders in managing the challenges posed by the rising costs associated with high utilisation and medical claims inflation.

To assist you during this transition, we will implement a gradual increase in your premium over a five-year period.

Kindly refer to the table below for the new medical premium <Payment Mode Description> which shall vary in accordance with your attained age.
