**Revision of Medical Contribution for <Current Plan Description> (<Current Plan Code>)**

Dear Valued Customer,

Thank you for your continued support towards Zurich Takaful Malaysia Berhad (“**ZTMB**”).

We are writing to inform you that we will be revising the contribution for your medical plan.

The medical and healthcare costs in Malaysia have been rising in recent years. A number of significant developments have influenced the Medical and Health Insurance / Takaful (MHIT) business such as the rise in non-communicable diseases, growth of private healthcare services and escalating medical inflation. These have contributed towards an increase in the utilisation of medical services and magnitude of claims, where 173 claims paid out of 1000 takaful participants compared to 139 claims paid out of 1000 takaful participants 4 years ago. Each Medica2015 claim on average has increased from RM7,585 to RM10,712. This means the annual increase to Medica2015’s claim from 1 Jan 2019 to 31 Dec 2023 have been rising at a rate of 8.9% on average, with different age band experiencing different increase.

Despite our persistent efforts and various initiatives aimed at cost containment, these expenses continue to escalate annually. Just to name a few among the many initiatives undertaken, we do review & compare the claims cost across diverse hospitals coupled with an in-depth analysis of medical bill to ensure charges are reasonable. It is important for us to ensure you have a long-term protection. At ZTMB, we carefully monitor and actively manage your contribution from time to time to make sure that you always have the medical coverage that you need.

Kindly refer to the table below for the new medical contribution, which shall vary in accordance with your age.

Current Medical Plan	Current Medical Contribution Amount* <sup>1</sup>	New Medical Contribution Amount* <sup>1</sup>	New Medical Contribution <sup>1</sup> Effective Date
<Current Plan Code>	RM<Current Medical Contribution Amt>/<Payment Mode Description>	RM<Revised Medical Contribution Amt>/<Payment Mode Description>	<Effective Date>

\*Inclusive of loading and service tax, if applicable.

\*Contribution amount display is excluding discount, kindly get in touch with your Wealth Planner to find out if you are entitled for a discount.

If affordability is a concern, you can opt to downgrade to a medical plan with lower coverage provided your medical plan is not the lowest plan level.

We will continue to actively review our medical plans against healthcare costs to ensure that your medical protection will be there for you whenever you need it. We will keep you informed in advance of any future revisions in contributions while making every effort to ensure that contribution rates remain affordable.
