

# A place to stay

Building **A** **B** **C** **D** **E**

We have 83 guestrooms of which 66 are single and 17 are double rooms. The rooms are located in five different Buildings (A, B, C, D and E) connected by underground tunnels. With historic architectural features and breathtaking views, no two rooms are quite the same. Each room is equipped with the latest technology for on-site information services, communication and work, as well as all the essentials for enjoying your down time. For your comfort all guest rooms are non-smoking. Smoking is only allowed on the balconies. We also feature anti allergy pillows and covers. The guestrooms in Building A have a air-to-air ventilation system.

## In-Room Technology

Wall outlet adapters render your personal electrical devices from anywhere in the world useable.

USB Power sockets (5 V DC)

Wi-Fi (guest and Zurichnet access)

40" TV with international business and leisure TV channels

LAN wall outlet (untrusted network)

## Electricity

Local voltage is 220 V. Adaptors and all necessary cables are available at Reception.

## Amenities

Included in our room service are:

- Hairdryer
- Iron and Iron board
- Minibar (all-inclusive)
- Safe
- Body & hair care products
- Special pillows
- Guest A-Z on App

Upon request (extra fee applies):

- Laundry & dry-cleaning services
