

# Your options at maturity

Your needs are likely to have changed over the course of your existing policy and it is therefore important that you consider all the options available to you. There are three options which may be available to you – more details are in the enclosed form:

## Option 1

If you have no immediate needs for your maturity proceeds, or you would like to give your investment longer to accumulate, you can extend the term of your policy.

## Option 2

If your circumstances have changed and your current policy no longer suits your needs, you may wish to consider another investment option. We are able to offer you a range of regular and single premium products designed to suit differing investment, savings and protection needs.

## Option 3

If now isn't the time for you to reinvest, you can receive your policy proceeds at the maturity/normal retirement date.

**Please note that not all options are available in all regions or on all products. You must contact your financial adviser to discuss what option you are able to take. Alternatively, you can contact us below:**

### Bahrain

**Phone:** +973 1756 3321
