

IOSH Safety for Executives and Directors

IOSH Safety for Executives and Directors is designed for anyone who has overall operational or strategic accountability in an organisation.

This course will assist in understanding key responsibilities and give practical guidance on ensuring compliance.

Learning Objectives

- Understand the responsibilities of an executive or director
- Understand the legal, moral and financial implications of their roles
- Understand how to plan and supervise an effective safety management system throughout the organisation
- Understand the resources required to ensure an adequate safety management system
- Understand the value and benefits of training at all levels and when to access competent advice
- Understand the importance of reviewing and continually improving management systems

Benefits

- ✓ Improved safety awareness and culture
- ✓ Helps ensure management fully understand their safety responsibilities
- ✓ Can improve productivity in the workplace by reducing lost time to incidents
- ✓ Allows for more effective accident investigations, improving claims defensibility
- ✓ Recognised as a formal qualification by customers and suppliers

Training outline.

This one day course can be delivered virtually or in person.

This course covers:

- Moral, Legal and Financial Background
- Safety Management Planning such as Health & Safety Policy, Roles & Responsibilities, Risk Assessments
- Elements of an effective safety management system such as communication and training
- The importance of continuous improvement to include assessment and review of an effective safety management system via auditing and monitoring
