

Occupiers Liability Training

As a business or landlord there are legal implications to protect all those who access premises or land under your control.

With suitable systems and control measures, an employer or landlord can keep such persons safe and reduce liability to an acceptable level.

Learning Objectives

- Understand the key principals of operational risk management
- Understand relevant legislation
- Understand civil precedent and relevant civil claims
- Understand the responsibilities to visitors
- Identify suitable control measures such as inspection regimes, information and signage and security

Benefits

- ✓ Can help improve the quality of key documentation
- ✓ Enhanced understanding of the legal implications for your premises and workplace activities
- ✓ Improved awareness of claims defensibility in the event of an accident or incident.

Training Overview

This half day course can be delivered virtually or in person.

This course covers:

- Legal background and relevant health and safety legislation.
- Principles of operational risk management
- Responsibilities to visitors
- Overview of suitable risk controls

Other training

You might also be interested in:

- Health and Safety Awareness Training
- Accident Investigation and Claims Defensibility Training
- Inspection Regime Training
- Risk Assessment Training
